

PALS - Prayer and Liturgy Study

Â

Who is it aimed at?

The programme is geared toward children from Nursery School age to those in Primary Three.

Objective

To teach children about liturgy and prayer in a fun and friendly setting.

Methods

At Mass the children enrolled in the programme will be invited to leave the main body of the Church prior to the commencement of the Liturgy of the Word. In a separate room the assembled children will listen to the Readings in language suitable for their age group. Immediately afterwards the children will take part in some activities based upon the themes encountered in the Readings. They will then rejoin the people in Church just before the Offertory Procession.
